SENIOR QUOTES

JULIE ADKINS — My feelings about OHS the last four years have been very good, due to the fact I hardly had any friends in grade school, but in high school I made lots of friends. I'm really going to miss it and the memories.

NORMA ADKINS — It was great and fun, but everything's got to come to an end sometime.

DIANA ALIFF — The four years that I spent at OHS have been filled with many memories. These memories are ones that I will always hold close to my heart. My advice to the underclassmen is to enjoy it while it lasts, because it is over before you know it.

RANDY ALLEN — As Socrates once said, "It's been a wild ride dude!"

RICK ANDERSON — It started off good, but with the exception of a good time every now and then, it got worse. I'd have to say that overall high school was OK. Now, it's time to go to college, get a job, get married, and have a house and a dog.

DAVID BAILEY — Being here four years may seem like a long time, but it's really too short. Since I've been here, I've really enjoyed myself. I've made lots of friends, and I hope to keep them.

DONALD BAILEY — Great! Glad it's over.

DOUG BAILEY — The only things I can say that was good about OHS were the girls and the friends I have made. OHS is run on a system basically of image. People do not really care how a person is on the inside, just the outside. Basically, people do not act as they really are. They try to put out the image that people want to see. Mainly, this is acting like you are a black, or loafing in school by not doing your homework. So, in my four years at OHS, I have just a few memories I wish to keep, and many I want to forget.

JODIE BAILEY — I'll never forget these past four years. I've made a lot of new friends that will always remain a part of me. This will probably be the greatest experience of my life.

LORA BAILEY — I went to class, read a lot of books, did a lot of homework. I guess it was alright.

MICHELLE BAILEY — The four years at OHS have been fun with all my friends. I am glad I made it out of here.

ERIK BALDWIN — If it weren't for football, I would've quit.

LARRY BALDWIN — It's been an experience.

BARRY BEAVER — It was a good four years, and if it weren't for my friends I would not have made it. Thanks to all my friends that helped me.

KIM BELCHER — I think my four years at OHS have been interesting, and I have learned a lot. But, I am glad it's over.

SALLY BELCHER — My four years at OHS have brought me many feelings. But my most strong feeling is how much I like the place. A few years ago, I wouldn't have said that, but now I am.

JEFF BLANKENSHIP — My four years at Oceana High have been great. I've made many wonderful and loving friends. I'm really going to miss hanging out in the hall with all my friends.

MELINDA BLEVINS — These past four years at OHS have been the best. I've met a lot of great friends and had the best of times. I hope the underclassmen appreciate OHS as much as I do.

BRIAN BOWDEN — It was real, it was fun, but it wasn't real fun. Other than that, it was the best four years of my life, and I'm OUTTA here.

LORI BOWLES — It has really been a great experience, and I have made many memories that I will never forget.

JOHNNY BREWSTER — I have learned a lot about academics and about people. I have enjoyed every day of all four years.

JASON BROOKS — My four years at OHS have been some of the best times of my life; credit goes to my teachers and, especially, my friends for making it so great. Thanks for everything OHS.

BRIAN BROWN — It was hard at first, but now that the end has come, I hate to leave all of my friends.

NATALIE BROWN — My four years at OHS have been a one way street. No matter how many turns you take, you can never go back. I'm still glad I'm getting out.

SCOTT BROWN — I have had many great times at OHS. I have made many new friends and I will really miss them. I will always think of OHS as my second home. It has been the best four years of my life.

SHELLY BROWN — My years here at OHS have been ones of sadness and love. I will really miss this place and all my friends that I've made through the years. Thanks for all the memories you have given me.

NORMA BROWNING — My feelings in all four years of high school have changed a lot. But, I would have to say that it has been wonderful, and I hope that I will always remember the memories.

STEVEN BROWNING — In my two years at OHS I have met some great people that I will never forget.

DANIEL CALLOWAY — My four years at OHS were great. I know because my friends told me so. I also feel like I've spent the last semester catching up on four years of homework.

KEVIN CALLOWAY — My four years at OHS have been a good experience. I wish I could do it all over. High school is cool, but college will probably be a lot better.

MELISSA CALLOWAY — My four years here at OHS have been great. I will always love and cherish the memories I have made throughout the years.

RUSTY CAROTHERS — My last two years of school at OHS were well worth it. I have met a lot of friends who will be with me to the end.

JUDY CLINE — I love OHS better than any other school I've been to. I love having so many friends, and it will be an honor to graduate from the school my Dad graduated from twenty years ago.

TONYA CLINE — These four years have been really special to me. I'll never forget the friends, the teachers, and the sports that have made my years great ones.

CINDI CONLEY — My high school years have been very trying. However, I have enjoyed them as much as I possibly could. But, I'm ready to grow up now and enter the next phase of my life.

AMBER COOK — My four years at OHS have been the greatest years of my life. I have had many great moments with my friends that I will always cherish.

ANTHONY COOK — These four years have been great. I have made many good friends and the memories will last a lifetime, I will greatly miss my days at OHS.

SENIOR REFLECTIONS

When one takes their life
Do they not fear or care?
Is their existence but strife
With no one to be there?
Have they no meaning,
Their lives must lack.
We who call ourselves friends
Should simply pat their back.
And tell them we're ready
To help them through challenges
And make their life once again steady
To rid them of horrible images.
Life is such a precious tool,
Those who waste it, must be fools.

ALMA MATER

HAIL Oceana, We dedicate to you,
Hearts that you'll find ever
LOYAL AND TRUE
Firm and undaunted always we'll be.
Hail, Oceana, we salute to thee.
True to the school we love
We'll always be.

Time extends her eternal arm
Outward, into the realm
Of all humanity
Graciously accepting
All of nature's fury and harm
Patiently awaiting
The last earthly day
That she will reign
All life must pay
Their debts with their pain
Existing throughout infinity
Never being spared less
Than life's furious tempest
Sandra Prichard

Long, red and black satin robes suddenly come into view;
Graduation day is upon us, cold and sudden, like
morning dew.
We march proudly down the aisle, looking anxiously for
Mom and Dad
but what we do not realize is they feel abundantly sad.
Cold lonely teardrops flow slowly down our cheeks
we feel as we're boats crashing into a rocky reef.
One thing we must remember as we enter this cold, cruel
world,
we can achieve anything we want,
No matter if we're boy or girl.
The bonds we have built may never be taken or broken,
we must keep this memory as a wonderful, shining token.
Graduation day is full of many emotions,
but when it is all over, we must remember this,
It won't be the school or hallways, but the memories we
miss.

Our year as seniors is almost through
Like pages of a book torn apart
It rips and tears at everyone's heart
We need to think of our lives anew
Like a morning sky of clearest blue
Our lives as adults we must start
Like the first chapter in a book it's the very first part
We should challenge our abilities on what we can do
I know I will make it I cannot fail
I have many doubts in the back of my mind
But I put them away like an unread book
My hopes and dreams like a boat will sail
Never giving up, never falling behind
Always aiming forward not a backward look.

CURRENT

Saddam Hussein, president and iron-fisted ruler of Iraq, invaded Kuwait on August 2 and most of the world became his enemy. The United States reacted immediately to the invasion, building up a U.S. force of well over 100,000 troops in neighboring Saudi Arabia. Other nations also sent troops and financial support, and the United Nations voted for an economic embargo against Iraq. On January 16, 1991, the allies began Operation Desert Storm and defeated Iraq in approximately 40 days.

On April 22, an estimated 200 million people all over the planet celebrated the 20th anniversary of Earth Day as activists pleaded for the rise of a new "conservation generation" to care for the fragile environment. Earth Day was celebrated in more than 3,600 U.S. communities and in 140 other nations, according to organizers.

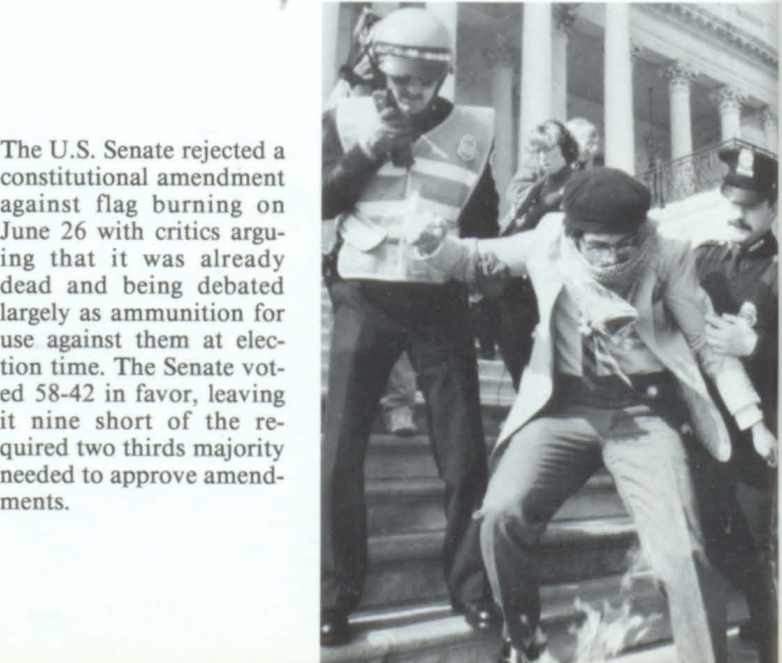

The U.S. Army's heaviest ground firepower reached Saudi soil in August for deployment behind Arab forces manning the front line in the standoff with Iraq.

World leaders welcomed a united Germany into the international community on October 3, 1990, but concerns about the balance of power tempered some European enthusiasm. The nation united at the stroke of midnight when a giant German flag was raised in front of the battle-scarred Reichstag Building in Berlin. It was a time of change in Eastern Europe. Communism no longer ruled that part of the world.

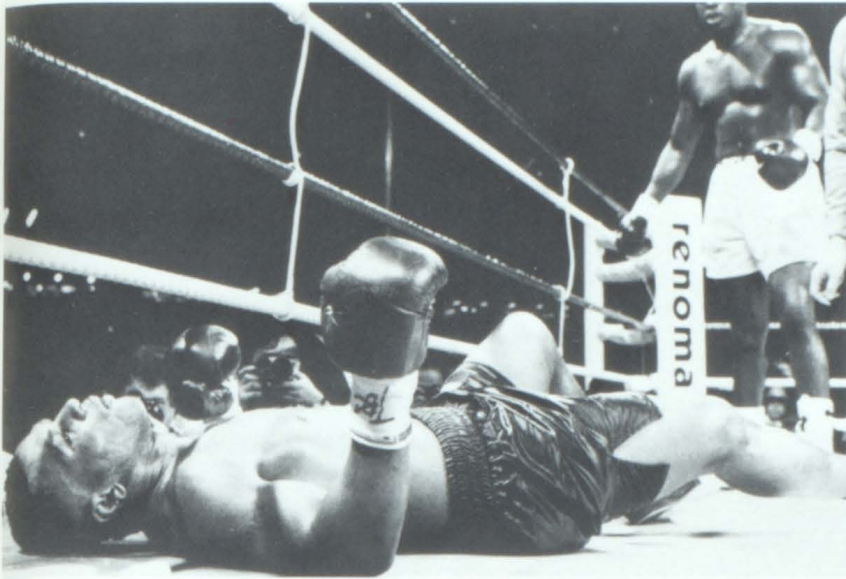

The portrait of Saddam Hussein shows a man with a strange duality: tough, yet fearful; inspiring fear in his own people, yet also basking in a kind of populist veneration from many of the region's Arabs. Fear and terror surround the 53-year-old Iraqi President, and U.S. Intelligence officials and other analysts believe that this climate could be his undoing.

The U.S. Senate rejected a constitutional amendment against flag burning on June 26 with critics arguing that it was already dead and being debated largely as ammunition for use against them at election time. The Senate voted 58-42 in favor, leaving it nine short of the required two thirds majority needed to approve amendments.

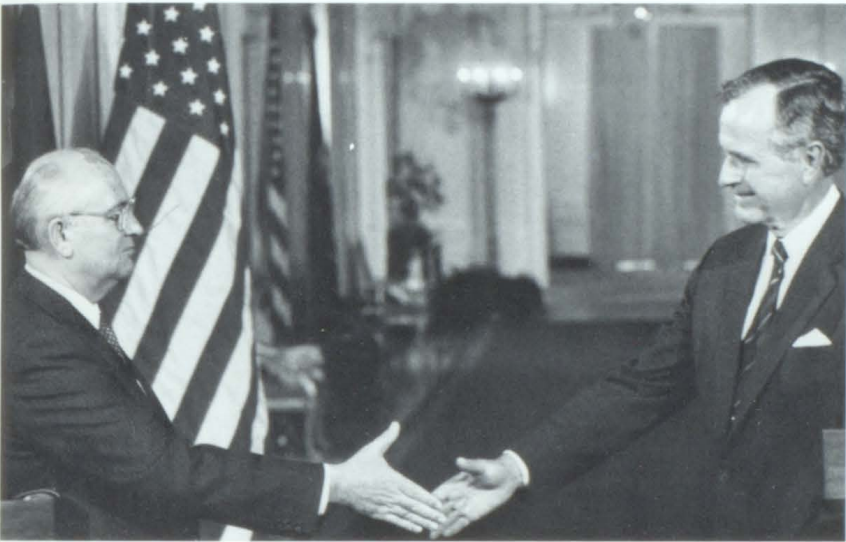

EVENTS

James "Buster" Douglas wore a world heavyweight championship belt after his stunning knockout of Mike Tyson in Tokyo earlier this year. At 1:23 of the 10th round, Douglas knocked Tyson out with a five-punch combination.

Massive crowds turned out for African National Congress Leader Nelson Mandela at every stop on his six-week tour of three continents. Mandela visited 14 nations in Europe, North America, and Africa, achieving his goals: urging foreign governments to maintain sanctions against South Africa, raising funds for the ANC and explaining the goals of his movement.

Celebrating the fruits of their summit diplomacy, President Bush and Soviet President Mikhail Gorbachev shook hands and signed a sheaf of agreements, including a conditional trade accord. During the June, 1990 summit, the leaders also embraced a preliminary deal to cut long-range nuclear arms. The Cold War between the two super powers has ended and an era of cooperation has begun.

Defeating the Milwaukee Brewers on July 31, Texas Rangers pitcher Nolan Ryan won his 300th game. Ryan has become one of ten major league pitchers to win 300 games.

A legion of clipboard-toting counters sought out shelters, subways and steam grates on March, 1990 in the broadest attempt ever to find out the extent of homeless since it became a national disgrace in the 1980's. The U.S. Census Bureau is spending \$2.7 million to tally homeless Americans, but critics fear an undercount will allow the government to justify cuts in services.

The Cincinnati Reds, given no chance to beat the Oakland Athletics, needed only four quick games to win the World Series in one of the biggest upsets in baseball history.
